

KAMAB ATLIN

KAMAB DM20519

DOB 08/11/2020

“Great capacity and conformation! Clean underline and an amazing top line with a very good hindquarter. Atlin sets himself apart when it comes to carcass shape but can be used safely on heifers. Out of a top Ginger Ale daughter with a good udder. Atlin’s Profit indexes and fertility EBV’s, making him a good option for self-replacing herds “
