**Seller's remarks / Verkoper se kommentaar:**

What an exciting stud sire up for grabs! Danger is a powerful bull having produced many outstanding calves for Kamab. Many of his young bulls have been marked as potential stud sires. Danger has strength and width to cause excitement. He won't fall behind in your breeding system but will carry you forward producing a lively calf, with shape and a touch more ear. His sire, R2K Moona 3, was an embryo calf used to introduce some strong new bloodlines from Australia. His dam was a productive Goldbar daughter with ICP of just 375 over 6 calves.

**Seller's remarks / Verkoper se kommentaar:**

Google was ear marked as stud sire long before Weaning as he was a standout from the start. Google is a Polled stud sire by Kamab Ginger Ale with plenty of length. He has exceptional growth EBVs but is not for use on heifers. He breeds mostly red-with-white-blazed calves. We are very happy with his first calf crop landed at Kamab as they show great potential, much like Google himself.

**Seller's remarks / Verkoper se kommentaar:**

Another top Rumba Kookolie son with great EBV's. Kolton is out of a very strong Dam line. His dam, a Pablo daughter is a productive 3star cow with an ICP of 402 over 8 calves. All her calves have made inspection and she has produced a Stud Sire for Makam Simbra. Kolton's growth EBVs for 200, 600, and 400days are in the top 15%, 25% and 30% respectively. SS (fertility indicator) is in the top 20% and NG Index in the top 30% of the breed. Not for heifers, but a great choice for weaner and steer producers.

**Seller's remarks / Verkoper se kommentaar:**

This strong Rumba Hitlock son offers some new bloodlines that may be of interest to repeat clients. He is a very well balanced and muscled bull with strong male characteristics. Great for steer and weaner producers, particularly those with self-replacing herds. He has very strong fertility EBVs and is a top choice bull for anyone breeding for profit. His EBVs are outstanding across the board with figures for DTC, RBY and SRF index in the top 1% of the breed; SRW and EMA in the top 5%; NG in the top 10%; SS in the top 15% and CW in the top 20%.

**Seller's remarks / Verkoper se kommentaar:**

Growth, Growth, Growth! Immanuel will add KGs to your carcasses! By Zarissa Gatsby, and out of a very strong Royal Flush daughter who continues to breed well for Kamab. With his BW EBV close to breed average Immanuel is still an option for heifers, and he is a top choice to produce heavy steers and weaners. He has an impressive range of EBVs. Top 1% for NG index, EMA and RBY; top 5% for SRF index, 600d, and CW; top 10% for SRW index; top 15% for 400d and SS; and top 20% for 200d, milk and GL EBV's.

**Seller's remarks / Verkoper se kommentaar:**

By one of Kamab's top performing stud sires, Kamab Premier, Paul is a calving ease bull ideal for opening heifers. Good average growth, length and hair quality. His dam has an impressive ICP of just 385. EBV for BW in the top 10% of the breed; IMF in the top 1%; and Milk in the top 20%. Great maternal traits to breed the next generation of females for your farming enterprise.

**Seller's remarks / Verkoper se kommentaar:**

Piet is by top Kamab Stud Sire, Kamab Premier. A good choice to open heifers and breed strong replacement females. Out of a productive dam with an impressive ICP of 391 over 8 calves. Piet has strong carcass data and the not so common advantage of good EBVs for both fat and EMA. Top 1% of the breed for BW; top 5% for EMA and IMF; top 10% for Rump and Rib fat; Top 20% for Milk; and top 35% for GL. A great choice to add a little more ear and improved hair quality to the more Bos Taurus type herds.

 3-IN-1 DM12305C is the dam of sale bull Kamab Sheldon. A stunning Kamab Monti daughter with a cracking heifer calf at foot, DNA tested, by the legendary Kamab Kookaburra, Whk Show Champion of Champions. DM12305C is back in calf to Kamab Savvy (Gobabis Breed Champion). She has a short ICP of just 398 over 5 calves. She has produced us two Central select bulls and a daughter still active in the Kamab herd. Such great opportunities as this do not come by often!
